For more information call 0800 4488823

(*batteries replaced at retail battery cost)

SCHEME OVERVIEW

A service visit , alarm check and battery replacement

We will visit your property at a pre agreed time and check the continued correct operation of your alarm system. Including telephone check of telecommunicating Systems.As your system batteries are now over one year old we will replace all the batteries with new to provide a further trouble free year. Batteries will simply be charged at replacement retail cost value. All batteries will be replaced including sensors/contacts/keypads/keyfobs and sirens

Any faulty or worn components will be replaced at component cost price only with no labour charge.

Any newly fitted parts will be covered by another 12 months manufacturers warranty.

Free telephone support and advice using our 0800 4488823 number

As a service scheme member you can continue to call anytime for any advice you need related to your YALE alarm system.

Reduced call out charge for other problems

We will charge a flat fee of £39.99 for any other call outs needed during the service contract.

If this call out is due to newly replaced parts still under warranty failing then this call out fee will be waived.

If the call out is due to original parts no longer covered by manufacturers warranty we will replace these parts at cost with no labour charge.

This is a substantial saving over call out charges to non service contract members. If the call out is due to failed batteries they will be replaced at retail cost value.

System upgrade advice and installation

We will during our service visit discuss any improvements you may wish to make to your existing system.

We will add new parts and devices as necessary at cost price with no labour charge.

WHAT DOES THE SCHEME COST?

The yearly service scheme costs just £54.99 included is your annual service and system service

Insurance approved safes

Fastalarms now install Police and insurance approved safes that give cover for up to £2000 cash or £20,000 valuables.

If you wish to have a safe installed please contact us and we will be happy to install one for you during your service visit.

Best regards
Mark Sheerin
